

Dear Sir/Madam

Greetings from Saint-Gobain.....!

It gives us immense pleasure to partner with professional body like yours for our Finance Management Trainee program for the year 2022. Saint-Gobain has been nurturing young minds through its prestigious Management Trainee program over the years for developing future leaders across business and locations. Details of the program follows in this letter. To introduce ourselves....

### **Saint-Gobain Group in India**

Saint-Gobain has made significant investments in India, in excess of ₹7500Cr over the years, achieved strong and profitable growth and built reputation as a strong brand. Today, it is a leader in all its major businesses with annualized sales of over ₹8000Cr. In India, Saint-Gobain is a brand that is respected and widely recognized. Saint-Gobain is present in Glass and Glass Solutions for architectural, automotive, solar and homes; Plasterboard and Plasters; Industrial mortars; Construction Chemicals; Abrasives; Ceramics; Performance Plastics and Life Sciences. Saint-Gobain has committed to not only manufacturing in India but also investing in significant R&D - in and for India. Towards this, Saint-Gobain Research India (SGRI) located at the IIT-M Research Park in Chennai, is the group's 7th Transversal Global Research & Development Centre. SGRI is working towards creating products and developing frugal customized solutions for hot and humid climates. In a very short span of time, SGRI has generated over 105 patents and 59 design registrations.

### **Saint-Gobain Glass in India**

Saint-Gobain's Glass business in India manufactures a wide variety of flat glass products and solutions – from Clear to High-Performance, from Lacquered to Fire-Rated glass among others for architectural and automotive requirements, not just for India but also for the world. It started operations in the year 2000 with the commissioning of its first float glass plant in Sriperumbudur, Tamil Nadu. Since then, it has rapidly expanded, invested in excess of ₹5200Cr and deepened its presence in the Indian flat glass market. Today, Saint-Gobain is considered a strong Technology and Market Leader shaping the industry with wide range of advanced products and solutions with a unique Pan-India manufacturing footprint with plants in Sriperumbudur, Tamil Nadu (since May 2000), Jhagadia, Gujarat (since May 2011) & Bhiwadi, Rajasthan (since March 2014). Recognizing the need to make India self-reliant in glass production, Saint-Gobain continues to be invested in India's potential as a glass manufacturing hub.
